## Hilary Baldwin, MD

### **Hilary Baldwin, MD**

Medical Director

*Atlantic Health System's Acne Treatment and Research Center  
Morristown, New Jersey*

Medical Director of the Acne Treatment and Research Center (ATRC), Hilary Baldwin, MD is a board certified dermatologist with nearly 25 years of experience. Her area of expertise and interest are acne, rosacea and keloid scars. Dr. Baldwin received her BA and MA in biology from Boston University. She became a research assistant at Harvard University before attending Boston University School of Medicine. She then completed a medical internship at Yale New Haven Hospital before becoming a resident and chief resident in dermatology at New York University Medical Center. Upon graduation and board certification in dermatology, she joined the faculty of the dermatology department at The State University of New York (SUNY), ultimately becoming Associate Professor and Vice Chair of the department.

Over 20 years at SUNY she cared for patients, taught countless students, and conducted numerous clinical studies. Dr. Baldwin has lectured extensively both nationally and internationally, and published prolifically in journals. She served as a founding board member and second president of the American Acne and Rosacea Society.

Dr. Baldwin is a Galderma Laboratories, L.P. consultant.
